'excellence, innovation and tradition meet to fulfil the needs and aspirations of all members of our school community'

We actively continue to work to reduce the within school gaps and bring the attendance of our disadvantaged students to be at least in line with others nationally and to reflect the excellent attendance of the students at The Corbet School. We are very determined to support all our students throughout their time at The Corbet School and proud of their achievements both academically and outside the classroom. We are delighted with the confident and decent young people we send out into the world who are able to both participate in and contribute to it in a very positive way.

Barriers to future attainment:

- In school barriers could include difficulties with engagement and lack of confidence in their abilities.
- External barriers could include attendance, difficulties with parental engagement and support and decreased aspiration and motivation.

Desired outcomes:

- Improved rates of progress for all PP students at KS3 and KS4.
- PP attendance in line with national and school average.
- Develop awareness and links between parents/carers and the school.
- Develop with use of mentoring to support PP students pastorally and with their academic achievement during their time at school; a greater focus on individualised support and the role of Pupil Premium Champion.
- Excellent and early IAG advice to engage students and raise aspirations.
- To ensure **all staff and governors** are aspirational for PP students, a no excuses culture, and that this vision is communicated effectively across the school.
- To use targeted intervention in English and maths to accelerate the progress of PP students.
- To ensure that PP students make progress across all the elements: English, mathematics, Ebacc and Open.
- To ensure that PP students make progress within the pillars of science, languages and humanities.
- To prioritise literacy and numeracy as a tool to access learning.
- To ensure all disadvantaged students and those in receipt of FSM have access to extra-curricular activities at school.
- To widen the curriculum to ensure accessibility and engagement.

Develop with use of mentoring to support PP students pastorally and with their academic achievement during their time at school; a greater focus on individualised support and the role of Pupil Premium Champion.	Excellent and early IAG advice to engage students and raise aspirations. Quality IAG; all year 11 students and year 8, 9 & 10 students accessing pupil premium receive a careers interview and additional careers support as necessary. The school has a very low level of NEETs and a good record of ensuring that FSM & LAC do not become NEET. This will ensure that this trend continues.	July 2018	All PP students have had a careers interview
	Year 11 & 10 mentoring programme - individual mentoring for students to support their academic progress. This is carried out by the SLT, pastoral team and teachers who do not have a tutor group. Year 11 have access to mindfulness as part of a focus day to support them to develop strategies to cope with exams and transition to post-16 education, employment or training.	April 2018	Mentoring programme (SLT) has picked up all the PP students who are underachieving and helped them to access the wider school support they need
	Admin support for CLA Coordinator; to allow for efficient support and monitoring of performance of looked after children within the school.		Member of the pastoral team to be identified as PP champion and interview all PP year 11 and 10 students to check they have the support they need.
	Learning Manager Assistants in KS3 and 4; to monitor performance and support academic and pastoral intervention for students including LAC & FSM as required.	Termly	
	EWO Service; monitoring of attendance of vulnerable groups, to ensure continuing attendance and make sure attendance is in line with other groups in the school. Working with parents/carers of pupil premium students.	July 2018	
Develop the use of pupil voice possibly using PASS survey		February 2018	PASS survey or similar has been completed and used to identify further interventions required.

In 2017 -18 the school will receive £97700 (estimated) of pupil premium of which £13300 is to support LAC pupils. The money for LAC students is spent according to individual need. The LAC money is held by the corporate parent and is released to the school as required but with the prior agreement of the corporate parent. These actions are aimed at ensuring pupils from disadvantaged groups make the same progress in school as other students. Service Children's Pupil Premium is allocated to the school to support students to overcome disadvantage due to mobility and to allow us to plan to support Service Children to ensure that there are no gaps in learning and to support them pastorally as required. In this year we were allocated £5400.
