THE CORBET SCHOOL

Headteacher Mr P N Adams BSc Pg Dip

Dear Parents and Carers

I am writing to let you know that I will be retiring at the end of this academic year (August 2019).

It has been a privilege to serve as headteacher of this school for, what will have been, 10 years by the time I retire. During my time at The Corbet School, I have been incredibly fortunate to have met and taught so many superb young people, worked with some exceptional staff, both teaching and non-teaching, and got to know many very supportive parents, carers and members of our school community. I must also thank the school Governors and members of the Corbet Friends Association who do so much for the school and its pupils.

The Governors will now be starting the process of appointing my successor. I know they will want to ensure they involve all the elements of the school community in this process and are very conscious of the fact that they are looking to appoint a person who will be able to move the school forward, while maintaining the excellent standards our school community have come to expect.

I will of course continue with my total commitment to the school and work to ensure its success right up to my retirement day.

Yours sincerely

P N Adams
Headteacher
