

Higher and Degree Apprenticeships Explained – Engineering

Thursday 6th June – 17:30-21:00

Regional Food Academy (RFA), Harper Adams University, Edmond, Newport, TF10 8NB

Are you a student in Year 11, 12, 13 or on a Level 3 program at college or a parent, teacher or mentor to anyone in these groups? Are you an employer or current Advanced Engineering Apprentice (L3)? Or are you wondering what an Engineering Degree Apprenticeship entails? Then this informative evening is for you!

Higher Horizons+ and Harper Adams University would like to invite you to our Higher and Degree Apprenticeships Explained evening that focuses on Engineering, what a Degree Apprenticeship is and how to get one. There will be presentations from current degree apprentices, the Harper Adams Apprenticeship team and regional employers who are actively recruiting students. There will be an opportunity to speak with regional employers and apprenticeship providers at our Apprenticeship Fair and a complementary buffet for all attendees.

Please sign up for the event using the following link:

<https://www.eventbrite.com/e/higher-and-degree-apprenticeships-explained-tickets-60112490076>

Please note: This HDA Explained evening will focus on apprenticeships in engineering only, although there are a variety of routes available from Level 2 up to Postgraduate apprenticeships at Level 7 in Food, Manufacturing and Engineering. Regional providers and employers will explain the opportunities available at all levels.
