Statement of intent:

The Corbet School wishes to ensure that pupils with medical conditions receive appropriate care and support at school. This policy has been developed in line with the Department for Education's guidance released in April 2014 – "Supporting pupils at school with medical conditions".

Ofsted places a clear emphasis on meeting the needs of pupils with SEN and Disabilities and this includes children with medical conditions.

At The Corbet School, we aim to:

- Ensure that all pupils are fully included and have a highly successful experience at school, regardless of any special needs and/ or any medical conditions

Appendix 8 - Model letter inviting parents to contribute to individual healthcare plan development (draft)

Dear Parent,

RE: DEVELOPING AN INDIVIDUAL HEALTHCARE PLAN FOR YOUR CHILD

Thank you for informing us of your child's medical condition. I enclose a copy of the school's policy for supporting pupils at school with medical conditions for your information.

A central requirement of the policy is for an individual healthcare plan to be prepared, setting out what support each pupil needs and how this will be provided. Individual healthcare plans are developed in partnership with the school, parents/carers, pupils, and the relevant healthcare professional who can advise on your child's case. The aim is to ensure that we know how to support your child effectively and to provide clarity about what needs to be done, when and by whom. Although individual healthcare plans are likely to be helpful in the majority of cases, it is possible that not all children will require one. We will need to make judgements about how your child's medical condition impacts their ability to participate fully in school life, and the level of detail within plans will depend on the complexity of their condition and the degree of support needed.

A meeting to start the process of developing your child's individual health care plan has been scheduled for **xx/xx/xx**. I hope that this is convenient for you and would be grateful if you could confirm whether you are able to attend. The meeting will include **add details of team**. Please let us know if you would like us to invite another medical practitioner, healthcare professional or specialist and provide any other evidence you would like us to consider at the meeting as soon as possible.

If you are unable to attend, it would be helpful if you could complete the attached individual healthcare plan template and return it, together with any relevant evidence, for consideration at the meeting. I **or add name of other staff lead** would be happy for you contact me [them] by email or to speak by phone if this would be helpful.

Yours sincerely,

Headteacher
