

Free Sleep Tight Groups

“It’s been eye opening to see how many different things can affect children’s sleep. I have learnt so much and now have new ideas to try out.”

“I feel more confident in bedtime routines, and less alone in the fact my child struggles with sleep”

Join our friendly, relaxed group!

We all know how important a good night’s sleep is for your child’s growth and development. When children sleep well, it helps them do better at school, react more quickly, build stronger memories, and learn and solve problems more effectively. It can also help them stay healthier, feel less irritable, and manage their behaviour more positively.

There are many different factors that can affect your child’s sleep, and it can sometimes feel hard to know where to start. Join us to learn more, share experiences, and pick up helpful tips to support your child in getting the rest they need.
